

Miele *care* collection

Premium quality detergents, made for your Miele.

Fabric care by Miele

The Miele Fabric CareCollection range has been designed to deliver ultimate results in fabric care. Miele washing machines are renowned for their gentle, thorough care of fabrics and longevity. But only when the correct mechanical action, chemical action, time and temperature come together will optimum results be achieved. This extensive range of high-efficiency, high-concentration detergents and cleaning agents means you can use less product for even better results - with obvious long-term cost savings and convenience. The range embodies the same masterful attention to detail Miele has been known for since its inception in 1899. Used with Miele washing machines, the Fabric CareCollection range takes fabric care to a whole new level.

Perfectly matching system components guarantee optimum results from appliance through to detergents. Forever better with products from Miele.

Fabric care collection

UltraColor

A unique, concentrated formula with advanced brighteners that effectively removes stains, even at low temperatures. Protects vibrant colors, and leaves clothing with a soft, gentle feel, and a hint of citrus fruit and lavender scent.

48-load powder detergent. Content: 2.5 kg

UltraWhite

A highly concentrated, multi-purpose powder detergent with special whiteners, formulated to thoroughly remove stains and keep white or light colored fabrics looking brilliant with a fresh scent of flowers and fruit.

48-load powder detergent. Content: 2.5 kg

Sensitive skin

Like Ultra detergents, this too is a powerful, deep-cleaning formula. Sensitive skin contains special, mild fragrances that do not irritate sensitive skin or trigger allergic reactions within allergy sufferers.

48-load powder detergent. Content: 2.5 kg

Fabric care collection

UltraColor liquid

A unique, concentrated formula with advanced brighteners that effectively removes stains, even at low temperatures. Protects vibrant colors and leaves clothing with a soft, gentle feel, and a hint of citrus fruit and lavender scent.

33-load liquid detergent. Content: 2.0 L

For delicates

A remarkable, high-efficiency liquid detergent specially formulated for the gentle, yet thorough cleaning and care of delicate textiles such as wool, silks or other unique fabric blends. Superior soil removal is achieved – even grease stains – and delicates are left with a fresh, natural rose-scented fragrance.

25-load liquid detergent. Content: 1.5 L

Fabric softener

Miele's unique softener is more like a fabric conditioner, giving virtually all laundry a gentle, pleasant feel with a dash of freshness. It also helps prevent static cling in the tumble dryer.

50-load liquid. Content: 1.5 L

Fabric care collection

Sportswear

Our gentle-care detergent will deep clean and retain the color of your special sportswear articles. Ideal for fabric blends, synthetics, fleece and microfibres, this detergent also helps fibres breathe and cuts down on static, leaving a light, fresh aroma.

14-load liquid detergent. Content: 250 g

Down items

This special-purpose detergent not only effectively cleans and cares for pillows, doonas, sleeping bags and other products containing eiderdown, but does so without removing natural oils. Our unique formula also reconditions the material so it maintains its elasticity, making it fresh and fluffy. Only a very mild fragrance is left behind.

14-load liquid detergent. Content: 250 g

Miele *care* collection

Dish *care* by Miele

You know and trust Miele's dishwashers for their superb performance, quiet operation and sparkling results. Now you can take advantage of a new line of detergents developed by Miele that work in perfect harmony with your dishwasher to deliver spotless cleaning results... without etching, without spots. If you don't yet own a Miele dishwasher, we are sure these cleaning products will politely nudge you in our direction when it is time to replace your current model. Either way, we encourage you to experience the Miele difference.

All Miele CareCollection laundry detergents are made from biodegradable ingredients. No phosphates or zeolites are contained in our formulas.

Perfectly matching system components guarantee optimum results from appliance through to detergents. Forever better with products from Miele

Dish care collection

Dishwasher tabs

Miele's dishwasher tabs are individually encased in a water-soluble wrapper to prevent physical contact with the ingredients and provide added convenience. Each dishwasher tab features a powerful enzyme formula for sparkling results on even the toughest, built-up surfaces.

Content: 1.2 kg 60 tabs

Dish care collection

Rinse aid

Miele's dishwasher rinse aid is designed to assist in the drying phase, reduces lime and water stains on crockery, and contains a glass care formula for long-term prevention against etching.

Content: 500 ml

Dishwasher powder

Miele's dishwasher powder ingredients dissolve proteins and starch in cold water and help remove persistent dried on food soil. The special formula contains active oxygen for perfect results, and can be precisely dispensed thanks to the easy-pour bottle.

Content: 1.5 kg

Dishwasher salt

Miele dishwasher salt ensures that the built-in water softener functions properly to help prevent scaling and achieve the best possible results.

Content: 1.5 kg

Original Miele products

Oven cleaner

The Miele oven cleaner solves all stubborn stain problems. Even areas which are hard to access will be cleaned thanks to the gel-like consistency. This highly effective, odourless product can be used in ovens, stainless steel microwave cavities or on grill racks.

Content: 500 ml

Care product for stainless steel

Miele's care product for stainless steel removes water films, fingerprints and other stains gently, leaving a smooth and shiny surface. Its odourless ingredients will maintain the shiny polish of the appliance surface, even after many cleans.

Content: 250 ml

All purpose microfiber cloth

Miele's all purpose microfiber cloth consists of 100% high quality microfibres. This ideal cleaning cloth is extremely tear-resistant and tough, withstanding up to 500 machine wash cycles at 60°C. Delivering optimum results wet or dry, with or without Miele detergents.

Size: 32 x 32 cm

Ceramic and stainless steel cooktop cleaner

Ceramic and stainless steel cooktop cleaner gently cleans by removing stubborn and burnt-on grease.

Content: 250 ml

Descaling tablets

Descaling tablets for descaling Miele steam ovens and coffee machines.

*Not suitable for pressure steam cookers.

Content: 6 tablets

Original Miele products

Cleaning tablets

Cleaning tablets for Miele coffee machines protect the machine against limescale build-up and assist in the maintenance of a long-life cycle.

Content: 10 tablets

Dishwasher cleaner

Miele's Dishwasher cleaner is a concentrated formula that ensures thorough cleaning of your dishwasher and protects it against premature wear and tear. For domestic use, it is recommended to use the Dishwasher cleaner 4-5 times per year.

Content: 250 g

Dishwasher conditioning agent

The special formula of Miele's dishwasher conditioning agent removes grease and limescale, and assists in keeping door gaskets supple and maintain a tight seal. Regular use of Miele's machine conditioning agent extends the life cycle of the machine and ensures a good wash performance. Recommended use: 4-5 times per year.

Content: 250 ml

Descaler for washing machines

Miele's descaler for washing machines' gentle yet effective formula works on a citric acid basis which loosens limescale in washing machines and maintains the functionality of the appliance.

Content: 250 g

Water softening tabs for the washing machine

Removes damaging lime deposits caused by hard water.

Suitable for all Miele washing machines.

Content: 864 g
